About Us

Acon Electricals Ltd is a general EPC (engineering, procurement, and construction) contractor committed to providing the highest quality electrical installations. As a full service electrical contracting company determined to meet your unique needs, we provide electrical installation services in the residential, commercial, and industrial sectors with a secondary provision in solar power installations and power grid integration.

Our highly skilled professionals will provide solutions to meet any electrical problem you may have. We pride ourselves in maintaining the best workmanship in the industry while upholding to the highest safety standards for both our employees and clients.

At Acon Electricals, our leadership team brings over 30 years of combined experience in the industry. With a strong background working both domestically and internationally, we are well equipped to help you with any project or need.

WHAT WE DO

As a general EPC contractor, we provide the following services in Tanzania:

Low and medium voltage electrical installations.

Transformer, generator, switchgear, solar and other related installations.

ICT, fire alarm and ELV systems installations.

Core Competencies

Acon Electricals is committed to ensuring that the safety and reliability of our products are maintained at all times. We are also committed to maintaining ethical standards when interacting with our clients, suppliers, and employees. We strive for innovation in our business processes and product development efforts by continually seeking out ways to improve our products and services.

Safety

Safety is at the core of everything we do at Acon Electricals Ltd. Our philosophy extends beyond protecting workers and property, but also providing safety to clients through design and planning, quality craftsmanship, and cost savings achieved through world-class safety performance.

Reliability

We are a reliable, quality-focused company. Our team's expertise along with years of combined experience in the industry across borders allows us to ensure you receive the most efficient, seamless and reliable service possible. We have the resources to deliver on our promises every time.

Ethical

Ethical conduct and ethical process are essential to our success because it helps us to have integrity in all areas of our business. It is an indicator of high quality, professionalism, trustworthiness and respect for others.

Standards

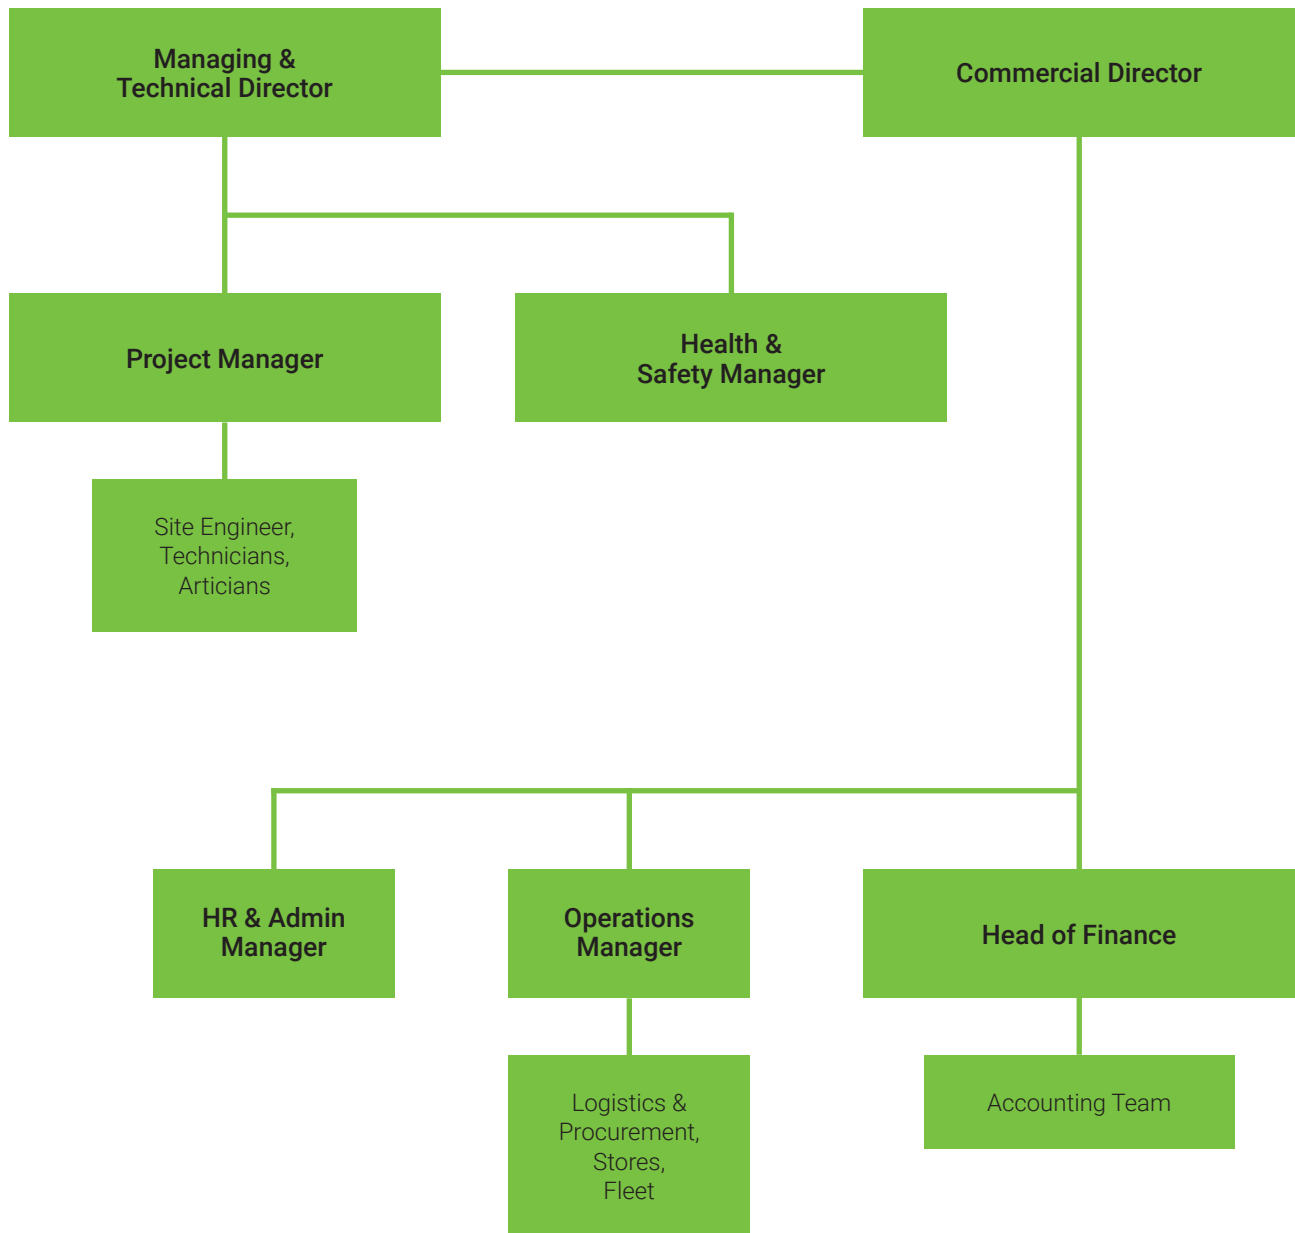

At Acon Electricals Ltd, we always pursue excellence by adhering to regulatory specifications and working in accordance with industry best practices, compliant of any regulatory standards, whether national or international.

Innovation

Innovation is an essential part for us to provide a better service to our clients. By understanding your business and creating solutions that meet your specific needs, we strive to offer the best products, services and technology as we believe there is always room for improvement.

Our Team

Our team at Acon Electricals Ltd is committed to finding the right solution for you and are all on hand to provide you with expert, impartial advice.
